"Críticas ""My barn buddies and I can't wait for the next rainy day to bring in our horses and try out this system!"" --""Practical Horseman""""Renee Tucker is a veterinarian with a background in bioengineering and is certified in equine chiropractic and acupuncture. Add all those things up, and you get a doctor who really knows how to read a horse's body. Her new book gives us 27 simple body checkups that we can do on our horses to learn the source of their pain.""" --""Horsemen's Yankee Pedlar""""Looking for an easy-to-read guide to keeping your horse healthy and happy? Dr. Renee Tucker's new book teaches you how to perform simple body checkups to make sure your horse is pain-free and performing to the best of his ability.""" --""Horse & Rider""""This remarkable book, written by a veterinarian who is certified in equine chiropractic and acupuncture, offers a wealth of information for systematically assessing a horse's condition and deciding whom to call when things go wrong.""" --Mary Daniels, ""Dressage Today""This is a must-have book for anyone who owns a senior horse! It outlines 27 body check-ups that the average horse owner can do on their own horse — in detecting soreness and injury. It also explains normal range of motion (and what it looks like), and helps get to the bottom of those ""mystery"" lamenesses, or ""just being off.""" **—EquineSeniors.com** Reseña del editor Keep your horse pain-free and performing his best! Introducing 27 simple body checkups you can do on your horse?Where Does My Horse Hurt? is a do-it-yourself method for determining when and where your horse hurts. With this easy-to-follow book, conveniently spiral-bound so you can lay it open on your tack trunk and follow the instructions as you work on your horse, you will: ? Become familiar with your horse's normal range of movement so you

can prevent minor issues from becoming major. ? Stay in tune with areas of temporary or chronic discomfort so you can offer relief as needed. ? Solve ""mystery"" or ""phantom"" lamenesses that come and go seemingly without reason. ? Save thousands of dollars by avoiding expensive diagnostics that rarely get you answers. ? Learn how to discuss potential problem areas with farriers, veterinarians, and bodyworkers. ? Keep your horse actively and happily ""in work"" for more months of the year, and more years of his life. Biografía del autor Renee Tucker, DVM, is a veterinarian specializing in equine acupuncture and chiropractic work. She lives in Redding, California.".
