Questo libro svela un insieme di tecniche semplici ed efficaci che permettono di risvegliare, stimolare e applicare le molteplici capacità delle mani. Utilizzando studi come la chiromanzia, la chirologia e la bioterapia, l'autrice è penetrata in un mondo dove di scientifico, di dimostrabile, non c'è niente, o quasi. Situate all'incrocio tra due mondi di comunicazione, quello spirituale (verticale) dal quale l'uomo riceve il sacro e quello fisico (orizzontale), le mani, maestre del tempo e dello spazio, possono realizzare l'impossibile per l'uomo. Sempre teso verso l'intangibile, l'inafferrabile, proseguono nell'evoluzione integrando ispirazione e capacità di esecuzione. Sono loro che possono far dialogare il cielo con la terra, liberando l'uomo..
