"Pressestimmen ?This is an amazing book that will accelerate your journey
to God-consciousness.??Deepak Chopra, author of The Ultimate Happiness
Prescription and Reinventing the Body, Resurrecting the Soul?Heart Yoga is
a timely book. It can help us stay centered in joyful peace as we are
increasingly called to act and serve in the world? the authors have given
us a contemporary lens through which to view and experience what yoga has
always been: a transformational practice? Heart Yoga guides us to be
illuminated yet rooted.? ?Yoga Journal?Longtime yoga teacher Karuna Erickson
and scholar Andrew Harvey offer a heart-centered approach that melds hatha
yoga with visualizations, poetry, and other practices from the world?s
mystical traditions... Those looking to infuse their practice with a deeper
sense of devotion will find Heart Yoga filled with inspiration and
beauty.??Yoga+Joyful Living Magazine?What I appreciated most about the
directions for the poses and breathing was the imaginative correlation to
connecting with our inner spirit and the energies of the earth, sky, and
vast world around us. Each pose is explained, the intent, the goal
clarified, the purpose personified. This book reads as much like prose and
poem as it does invitation and instruction. It?s most definitely a book one
must experience to best appreciate it.??Laura Friedkin, San Francisco Book
Review?Heart Yoga: The Sacred Marriage of Yoga and Mysticism exquisitely

Whether you're a beginning student or a lifelong practitioner, Andrew Harvey and Karuna Erickson will deepen your practice with this exalted and extremely practical book.'?Marianne Williamson, author of *The Age of Miracles* and *The Healing of America*?Yes! Andrew Harvey and Karuna Erickson have written an inspirational and passionate guide recognizing modern-day yogis as mystics on the mat. They invite us to experience our mats as temples, our movements as embodied prayer, the world a divine altar, and our actions as the tools for change. Heart Yoga addresses how the awakening of the cosmic soul within the physical form inspires us to align our individual hearts with the universal call for action and service; the natural progression of yoga beyond the body. This is a magnificent and timely book affirming that the sacred practice of yoga is a journey of personal illumination, universal recognition, mystical unification and the inevitable understanding that it is love and action that can transform this planet from one of fear and separation into one united by love, truth and God.??Seane Corn, yoga teacher, Global Yoga Ambassador for Youth AIDS, and co-visionary for the ?Off the Mat, Into the World? initiative?Heart Yoga: The Sacred Marriage of Yoga and Mysticism is a potent offering with the depth of living wisdom, kindled knowledge and mystical insight that will ignite the inherent fire of yoga lovers everywhere. Harvey and Erickson have blended the powerful practicality of yoga poses with the transcendent power of heart-opening spirituality in ways that are both inspiring and practicable for everyday life. I recommend it heartily to all students of yoga and self-transformation, as well as to those who simply want to live more deeply, more richly and more happily.??Judith Hanson Lasater, PhD, PT, yoga teacher since 1971 and author of *A Year of Living Your Yoga*?As a longtime student and practitioner of yoga, I am filled with respect for Heart Yoga: The Sacred Marriage of Yoga and Mysticism. It takes the yoga community to a new level of process and empowerment. It invites all spiritual seekers to an adventure of embodiment. While being extremely ambitious and elevated, the book is also very lyrical, clear and

accessible. I believe that yoga is ready for the next wave and this book is it.??Debbie Ford, author of The 21-Day Consciousness Cleanse: A Breakthrough Program for Connecting with Your Soul's Deepest Purpose, Why Good People Do Bad Things: How to Stop Being Your Own Worst Enemy?Here is a wonderful gift to the world of today, a helpful Yoga container to develop fire in the heart, and beautiful meditations to inspire the heart's passion for the Great Work, both inner and the outer.??Paul H.
