North Korea has one of the most woeful societies in this era. Dictated by a single family ,24 million of its population live under a brutal dictatorship that only concerns with its nuclear and military developments. Constantly clashing with its neighbour South Korea a more liberal state for more than few decades. Communism in the North hasn't change much, it gets a lot of media attention for its act of cruelty towards its citizen.North Korea became a communist country after the world war 2 . Its leader Kim II-sungshape the political structure of the country. The leader introduce self reliance(Juche) to the people and since then have become a guide for the development of North Korea.This book will explain in depth information about North Korea communism that led them to be isolated from the whole world and why are they still a communist country ? why isn't there any change after more than a few decades.Read this book to find out more.
