Le Pékinois serait-il le fruit d'un amour insolite entre une douce guenon et le roi des animaux ? Une légende chinoise rapporte qu'un lion, éperdument amoureux d'une guenon, alla quérir l'aide d'un mage qui le réduisit à la taille de sa bien-aimée, tout en lui conservant sa belle crinière, son courage... et la dignité de sa race. Même si de nombreuses histoires divergentes et farfelues circulent sur l'origine du Pékinois, les historiens datent sans contestation possible de 1860 son arrivée sur le sol européen. La conformation particulière de ce chien, sa personnalité volontaire et intelligente, son caractère affectueux et possessif en font un chien facile à élever à condition de ne pas commettre certaines erreurs... Spécialistes de l'élevage canin, et plus précisément du Pékinois, les deux auteurs de cet ouvrage vous invitent à éviter tous les pièges concernant : l'éducation, les soins, l'alimentation, le toilettage, et vous aident à construire une relation durable et positive avec votre chien....
