"Reseña del editor Here?s an animal lover?s one-stop source for in-depth information on orcas, or killer whales! What do they eat? How do they behave? Are they at risk? This book also includes loads of fun and fascinating facts about killer whales, as well as maps, charts, and wonderful photographs of these clever creatures. Biografía del autor Claire Throp loves sea mammals and spent far too long looking at them while supposedly doing research for this book! She has written children's

nonfiction on subjects ranging from countries to sports to. She lives just outside Oxford, England."
