Are you at risk from one of Takata's defective and exploding airbags that have killed more than two dozen people and maimed hundreds? There are still millions of these deadly airbags across the world, all creeping slowly towards catastrophic failure, and time is our enemy. In Your Face is an insider's account of the largest automotive recall in history and the terrible secrets that threaten us today. Kevin Fitzgerald is the maverick engineer and executive at the center of this scandal whose struggles for truth and justice nearly ruined him. His revealing story of failure and fraud in the pursuit of innovation is a poignant call to save more lives, and a deeper exploration of a tragedy defined by death, corruption, and coverups that will continue to explode in our faces far into the future..
