A WORLD OF TROUBLES - TIMES TWO! Matt Mantrell - Her Majesty's Wizard - conjured himself from magical Merovenice to Jersey City for a long-delayed visit to his parents. Back in his hometown vicious, drug-dealing gangs had reduced Matt's old neighborhood to a wasteland, driven his father out of business, and forced his parents to the brink of destitution and homelessness. The only answer was for Matt to transport them - permanently - to Merovenice. But once back in that realm with his parents in tow, Matt found that Merovenice and the neighboring Kingdom of Ibile faced imminent subjugation by the conquest-hungry Moors. As Queen Alisande led her army to engage the enemy head-on, Matt launched his own campaign - with the aid of his fledgling wizard father, the faithful dragon Stegoman, and a hapless tag-along thief. Grappling with djinnis, matching wits with a Moorish military genius, and trading spells with sinister sorcerers, they sought to root out the real enemy behind the mayhem: a cunning and deadly wizard who served the most evil master of all... The ebook includes and a new introduction by the author and new cover art by Ashley Cser!.
