In this irresistibly funny follow-up to the breakout bestseller *Darth Vader and Son*, Vader, Sith Lord and leader of the Galactic Empire, now faces the trials, joys and mood swings of raising his rebellious teenage daughter; Princess Leia. Smart and sweetly funny illustrations by artist Jeffrey Brown give classic Star Wars moments a twist by bringing these two galactic adversaries together under one roof. From teaching Leia how to fly a TIE fighter, to regulating the time she spends talking with friends via R2-D2's hologram, to making sure Leia doesn't leave the house wearing only the metal bra and a slinky skirt from *Return of the Jedi*, Vader's parenting skills are put hilariously to the test..
