"Synopsis Offers a step-by-step recovery program that combines information, guidance, and reassurance to help women begin the process of recovery.

Autorenkommentar **Quote from Barbara O'Hara in the Library Journal**This guidebook is for women 'dealing with the long-term emotional and psychological repercussions' of abortions...Each chapter has exercises to complete for each stage of the healing process...Most books written for women post-abortion have a conservative Christian perspective. This valuable addition to the field does not make assumptions about readers' views and is written for those who suffer guilt for religious reasons. A very readable work; well recommended for all public libraries -Barbara O'Hara, Free Lib. of Philadelphia Alle Produktbeschreibungen".
