"Pressestimmen From a stunning emerald-green cottage in Ireland to mosaicked walls of thatched-roof huts in South Africa, this book is a serious source of color inspiration, no matter where on this planet you call home. This book is a gorgeous design resource for any artist, with stunning photography and clear color analysis based on the writers travels. Over 600 color photographs reveal striking colour patterns from Yemen to Guatemala.--Noel Reid The issues raised by this outstanding book are many, particularly for those interested in how architecture and landscape have come to terms with each other after many decades of brute opposition.--Ken Worpole Glossy paperback with dynamic photographs displaying the brilliant diversity of...color. Synopsis Offers a visually alluring survey of the significant chromatic personalities within local geographies, histories and traditions in countries around the world. An accurate reflection of the colours of the world, this panorama will help designers to design the colours of tomorrow. Alle Produktbeschreibungen".
