refer to. -- A. Reilly ""Amazon.com"" Reseña del editor This book is a new version of the classic ancient text, the Tao Te Ching, by Lao Tzu. It is based upon a new and revised translation, originally published in the book, The Secret Tao: Unearthing the Hidden History and Meaning of Lao Tzu, by D. W. Kreger. Then, as a fun experiment, Dr. Kreger did another version in which he substituted the word Force everywhere it says Tao , and substituted Jedi everywhere it says Holy-man or Sage . The result is truly astonishing. The fit between the Tao Te Ching and philosophy of The Force is uncanny. Each of the 81 verses reads like pearls of wisdom by Master Yoda himself. This version of Lao Tzu, dubbed The Tao of Yoda, was originally released as an e-book online, and the response was amazing. Combining Taoism and The Force is a natural! And, a new pop-culture phenomenon was born. It is a must-have gift for any fan of Star Wars, Pop Culture, Taoism, or Eastern Religion. So was Lao Tzu a Jedi knight from distant galaxy? You decide. And, may the Force be with you!".
