"Recensione ...this book would indeed provide [clinical practice trainees and those doing examination preparation] a ready and fast revision when required... or for patient management in acute clinical settings. The style and size for the handbook is truly fit for its urgent use. (Rakesh Garg, The Open Anaesthesiology Journal)...easy to use and contains valuable information...a convenient, userfriendly pocket reference (Dr. Darren Holland, Canadian Journal of Anesthesia.)*Review from previous edition* It is without doubt a valuable resource for those requiring a handy, well set out list of drugs. (British Journal of Anaesthesia)*Review from previous edition* A useful functional text and a must have for the FRCA student for some years to come. Descrizione del libro Highly Commended in the Anaesthesia category of the British Medical Association Book Awards 2017 L'autore Edward Scarth is a Consultant in Anaesthesia and Intensive Care Medicine at Torbay Hospital, Torquay, Devon, UK. Susan Smith was formerly Consultant in Anaesthesia and Intensive Care at Cheltenham Hospital, UK, and now practices in Pre- and in hospital Trauma Care and Event Medicine."
