L'ultimo titolo di Castle, scrittore e protagonista della serie TV omonima, ormai arrivata alla sesta stagione, in onda su Rai2. Una nuova avventura tra il medio Oriente e il centro America per il James Bond del XXI secolo. Tre aerei di linea precipitano in circostanze misteriose e Derrick Storm, eroico consulente della CIA, 007 del nostro tempo, è chiamato ad indagare sul caso e a ricostruire i fatti. È improbabile che si tratti di una semplice casualità; ciò che non convince è che molte delle vittime appartenevano a gruppi di potere politico, economico o religioso. Ben presto Storm comprende che un estremista ancora senza identità si è procurato una quantità sufficiente di un raro elemento chimico, il Prometeo, con il quale ha messo a punto un sistema per abbattere aerei da terra. Il problema diventa d'un tratto più grande quando altri quattro velivoli precipitano nel deserto dell'Arabia Saudita. Alcuni indizi, insieme alla sua intuizione e al suo coraggio, portano Storm a Monaco, Panama City e in Egitto dove incontrerà belle donne, monterà cammelli irascibili e salverà vittime innocenti nel suo valoroso tentativo di sconfiggere il progetto di una mente malata..
