"Recensione 'Lovingly detailed and exhaustively researched... easily the most readable and comprehensive guide I've seen to this fascinating hidden history' **Tom Robinson, musician, broadcaster and activist**' A thorough and enjoyable tour through LGBT history that underlines how important music is to us, and how important we are to music' **Rod Thomas, Bright Light Bright Light**' You might think pop stars singing openly about same-sex love is a relatively recent phenomenon. A new book explodes that myth... an excellent book... a comprehensive look back at a century's worth of queer artists' **Gay Star News**' A wonderful encyclopedia of queer music, an encyclopedia with a plot: the history of one hundred years of social change... Ambitious, wide-ranging, unpredictable, fast-paced, and highly informative' **Christopher Bram, author of Gods and Monsters**' The contribution that LGBT musicians and songwriters have made to popular music and culture should never be underestimated. Whilst some are household names, many are unsung heroes and remain in obscure oblivion... it is fantastic to have our history chronicled in this way' **Paul Southwell, former Handbag lead singer, songwriter and bassist**' This is the book I always wanted to write myself... Bullock has tapped a rich seam of hitherto unwritten history... rich in detail, thoroughly researched, highly readable and wonderfully gossipy' **St. Sukie de la Croix, author of Chicago Whispers: A History of LGBT Chicago Before Stonewall**' A great read that reveals how the marriage of music and sexuality can create new and exciting horizons' --**Sean Dickson (Hifi Sean)**' A major contribution to gay music history' --**Patrick Haggerty, lead singer, guitarist and songwriter of Lavender Country**' A comprehensive and compelling work... on music, history and, of course, a human struggle for tolerance, acceptance and respect' --**Nudge** L'autore Described as 'a veritable Bard of the bent, broken and Baroque' by Andy Partridge (XTC), Darryl W. Bullock is a writer, publisher and editor specialising in music and the arts. He has been profiled in the Guardian, Sunday Times and GT and has featured on BBC One (The Big Questions), C4 (Come Dine With Me) as well as numerous local and national radio and TV programmes in the UK. Bullock is the author of Florence Foster Jenkins: the Life of the World's Worst Opera Singer (published by Duckworth in 2016). He posts weekly on his popular blog called The World's Worst Records: <http://worldsworstrecords.blogspot.ca/>.
