"Críticas "***Homo Deus* will shock you. It will entertain you. Above all, it will make you think in ways you had not thought before.**" (Daniel Kahneman, author of Thinking Fast, and Slow)"**Spellbinding? This is a very intelligent book, full of sharp insights and mordant wit... It is a quirky and cool book, with a sliver of ice at its heart... It is hard to imagine anyone could read this book without getting an occasional, vertiginous thrill.**" (David Runciman Guardian)"It is thrilling to watch such a talented author trample so freely across so many disciplines... **Harrari's skill lies in the way he tilts the prism** in all these

fields and looks at the world in different ways, **providing fresh angles on what we thought we knew... the result is scintillating**" (John Thornhill Financial Times)"**What elevates Harari above many chroniclers of our age is his exceptional clarity and focus.**" (Josh Glancy Sunday Times)"**Sapiens was a paean to humanity's powers of collective imagination?**with darker notes on how these mega-stories might direct our new, transformative, information and biological technologies. ?Is there anything more dangerous than dissatisfied and irresponsible gods who don?t know what they want?? was Harari?s closing line. Homo Deus tries to answer that question, with **all the pedagogic and encyclopaedic brilliance of its predecessor.**" (New Scientist) Reseña del editor **?Homo Deus will shock you. It will entertain you. Above all, it will make you think in ways you had not thought before.? Daniel Kahneman, author of *Thinking Fast, and Slow***Yuval Noah Harari, author of the bestselling Sapiens: A Brief History of Humankind, envisions a not-too-distant world in which we face a new set of challenges. In Homo Deus, he examines our future with his trademark blend of science, history, philosophy and every discipline in between.Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century ? from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is Homo Deus.**War is obsolete**You are more likely to commit suicide than be killed in conflict**Famine is disappearing**You are at more risk of obesity than

starvation **Death is just a technical problem** Equality is out ? but immortality is in **What does our future hold?** Nota de la solapa Yuval Noah Harari, author of the bestselling *Sapiens: A Brief History of Humankind*, envisions a not-too-distant world in which we face a new set of challenges. Now, in *Homo Deus*, he examines our future with his trademark blend of science, history, philosophy and every discipline in between. *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century - from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. Contraportada Yuval Noah Harari, author of the bestselling *Sapiens: A Brief History of Humankind*, envisions a not-too-distant world in which we face a new set of challenges. Now, in *Homo Deus*, he examines our future with his trademark blend of science, history, philosophy and every discipline in between. *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century - from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. Biografía del autor **Dr Yuval Noah Harari** has a PhD in History from the University of Oxford and now lectures at the Hebrew University of Jerusalem, specialising in World History. *Sapiens: A Brief History of Humankind*, published in 2014, has become an international phenomenon and is published in nearly 40 languages worldwide. It was in the Sunday Times bestseller

list for over six months in paperback, and was a New York Times top ten bestseller."
