"Reseña del editor Five mythical creatures; a serpent a unicorn, a dragon, a mermaid and a phoenix all go on their own personal quests of self discovery. However, the final chapter draws these special creatures together. Each story is linked to an aromatic blend which you can make up and use for yourself or with those close to you. The story draws to an intriguing conclusion that provokes some thought as to how mankind might live in harmony... Enjoy this story and try out the Aromatic Blends - Wendy :o)".
