“Readers looking for a sophisticated fantasy that shows a raw, rowdy, and rough side of life will be utterly satisfied. For fans of Robin LaFevers’s His Fair Assassins series.” —School Library Journal “An evocative, romantic adventure.” —The Bulletin of the Center for Children’s Books Glory is the Fenris Wolf, bound for hundreds of years in the shape of a small human girl so she can never grow large enough to devour Baldur the Beautiful, god of light. Imprisoned with her hunger, Glory may not be able to swallow the sun whole, but she can hunt Baldur down, rip out his heart with her hands, and eat him a piece at a time. Glory tries to deny her desire because she knows when she does eat Baldur it will signal the end of the world. But would that really be such a bad thing? These days the United States of Asgard seems too decadent, too media-saturated, and too greedy. It is rotting from within and maybe it should burn. Maybe now is the time, and her hunger is growing for a reason. Only two people stand in her way: Soren Bearstar, devoted to Baldur and a strong berserker warrior, and Tyr the Just, god of balance and shadows. Glory loves both of them, but when a girl finally embraces her destiny, is any love enough to keep the sun in the sky? With evocative writing and lush world building, Tessa Gratton once again captivates readers with her inventive reimagining of Norse mythology and American life in the latest novella in the Gods of New Asgard series..
